EOD Dive Tank Team

- *General website: http://www.eod.navy.mil/*
- *Two teams of 8 EOD divers (all are volunteers)*

- ***East Coast POC***
  EODCS Scott Treible, COMNECC Little Creek, VA
  scott.treible@navy.mil, 757-462-4316 x332, Cell 757-439-8359
  website: http://www.necc.navy.mil/

- ***West Coast POC***
  NCC Chris Freischlag, COMEODGRU ONE, San Diego, CA
  christopher.freischl@navy.mil, 619-522-3354
  website: http://www.eodgru1.navy.mil/

- *Funding sent as direct site authorization*
- *Target audience always enthusiastic with Teams*

Priorities

FUNDING

- *CNRC N9 funds:*
- *- Ground travel to and from event*
- *- Lodging and meals*
- *- Truck maintenance*
- *Rental truck, vehicle and fuel*
- *Submit funding requests for the EOD Dive Tank Team to LT Dacunhaa (N913) for review.*
  - *Once N9 approves request, funding will be sent as a direct site authorization*

Priorities (cont'd)

UTILIZATION

- *Ensure water available to fill 4,000 gallon tank either from fire hydrant or fire truck*
- *110 volt power supply*
- *Flat hard-pack surface, able to support 75,000 lbs.*
- *Divers will rotate throughout the day so long days not an issue with 8 divers*
- *Strongly recommend recruiters are available to interact with target audience to field questions and collect leads (as appropriate)*
- *Dive tank is best used at large volume venues. i.e. Air Shows, large sporting events, state fairs etc.*
